Career Objective

As a Artificial intelligence and machine learning student seeking to launch a professional career in software development by applying strong technical fundamentals, problem-solving skills, and hands-on project experience.

Educational Qualification

Bachelor of Technology in Artificial intelligence and machine learning	2024–2028 (Prefinal Year)
Tirumala Engineering College, Jonnalagadda, Narasaraopet	CGPA: 7.45
Diploma – CSE	2022–2025
GVR & S College of Engineering & Technology	Percentage: 65%
Secondary School Certificate (SSC)	2021–2022
AP Model School, Cheekatigalapalem, Guntur District	Percentage: 59%

Technical Skills

Programming Languages: C, Python, Java, Data Structures & Algorithms

Web Technologies: HTML, CSS, JavaScript

Databases: DBMS, SQL

Projects

Smart Hospital Appointment & Patient Management System

Python, Flask, SQL (MySQL), HTML, CSS

Developed a web-based system to automate hospital appointment scheduling and patient record management. Implemented role-based authentication and secure backend workflows using Flask and SQL, along with conflict-free appointment time-slot allocation logic to improve scheduling efficiency and reduce patient waiting time. Focused on maintaining clean code structure and database normalization to ensure data consistency and ease of maintenance. Tested application workflows and handled basic error scenarios to improve system reliability and user experience.

Certifications

• C Programming Certification, Infosys Springboard	May 2026 – Jun 2026
• Kaggle Certificate of Completion	September 2, 2026

Internships

• Pratinik Infotech internship	Jun 2026 – Aug 2026

Soft Skills

- Team work
- Leadership
- Time management

Languages

Telugu, Hindi, English
